About Us

EBARC COMPANY LIMITED is a full-service electrical contracting firm dedicated to providing innovative, reliable, and high-quality electrical services to a diverse range of clients. **EBARC** has grown into a leading provider in the electrical industry, serving residential, commercial, and industrial sectors.

With a team of highly skilled and certified electricians, engineers, and project managers, **EBARC** specializes in delivering tailored solutions that meet the unique needs of each client. Our commitment to safety, quality, and customer satisfaction is at the core of everything we do, from initial consultation to project completion.

Our Vision & Mission

Our vision To be recognized as the premier electrical contractor in Tanzania, setting the standard for quality, innovation, and customer service in the industry, and contributing to sustainable growth through energy-efficient and future-proof solutions.

Our mission to deliver exceptional electrical solutions that empower our clients by combining technical expertise, a commitment to safety, and innovative practices, while fostering a culture of integrity and excellence in every project we undertake.

Our Core Values:

EBARC COMPANY LIMITED operates under the ambit of the following core values and beliefs:

Integrity

Upholding honesty, transparency, and ethical standards in all business practices.

Excellence

Striving for superior quality in every aspect of our work.

Safety

Ensuring a safe working environment for employees, clients, and the public.

Innovation

Embracing cutting-edge technologies and creative problem-solving approaches.

Customer Satisfaction

Building lasting relationships by consistently exceeding expectations.

Our Goals:

To expand Market Reach by 2025:

EBARC Company Limited aims to expand its market reach within Tanzania and into neighboring East African countries by establishing strategic partnerships, enhancing marketing efforts, and participating in regional electrical and construction expos. This will help the company increase its customer base and secure contracts in new territories.

To achieve Zero Accident Safety Record:

Prioritizing safety, EBARC is committed to achieving a zero-accident safety record on all project sites by 2026. This goal will be accomplished through rigorous safety training programs, regular audits, and adherence to international safety standards to protect both employees and clients.

To adopt Green and Sustainable Practices:

EBARC plans to integrate environmentally sustainable practices into all of its operations. This includes the adoption of energy-efficient solutions, reducing waste through better resource management, and utilizing eco-friendly materials wherever possible to support sustainable development goals.

To enhance Customer Satisfaction and Retention:

To build long-term relationships and ensure client satisfaction, EBARC aims to improve its service quality by implementing a customer feedback system and conducting regular performance reviews. The goal is to achieve a customer satisfaction rating of 95% or higher by 2025.
